What is the Hospice and why should I support it?

If you would like to support St John's by making a one-off donation or a regular gift, please complete the banker's order below:

St John's Hospice

St John's is the only independent Hospice serving central and north west London. Our specialist team provide a wide range of services designed to support those with terminal or life threatening illnesses, their families and friends.

At St John's, we focus on relieving symptoms and promoting independence. We provide a positive, safe and friendly environment in which people can embrace the challenges and opportunities life brings. Our patients can learn new skills, take up painting, enjoy the benefits of reiki and reflexology, or simply benefit from the peaceful and uplifting surroundings.

We need YOUR help to continue providing the best possible care and support to our patients and their loved ones. Without the generosity and commitment of our supporters, we could not continue to care for more than 500 patients every year in our day centre, residential unit, and in their own homes, or to support the friends and family of our patients.

Please help us to help others.

Our patients

St John's will help over 500 patients every year. We also provide support and advice for their families and friends.

Our Services

We offer a wide range of services including day care, residential care, Hospice at Home, community nursing, Children's Bereavement Counselling and social work support. Our medical care takes the very best on conventional therapies and tried and tested complimentary therapies and combines the two into a cutting edge treatment plan, customised to meet the needs of every individual.
